Q Knot

Our Urashima Taro Wire™ Brand (or UT Wire™ in short) was created with one thing in mind: hassle-free, hence our H.F.D.I.Y. product concept. It all started here in Anaheim, California, where working under wonderful sunshine led us to the idea of having simple and innovative ways in organizing our messy and tangled cables. A small idea quickly turned into many other unique products not only for homes and offices, but also for our small and techy gadgets that we carry everyday with us.

Our products are designed for the everyday people who are happy D.I.Y. users. No fancy tools or intricate parts are needed to install, or complicated instructions to follow because we feel your time should be spent on enjoying life. Just simple products to keep cords organized, the hassle free way.

Troff Pouch Hydration System

State of the Art Hydration for Dogs: Taking care of our dogs with ease and precision is essential in today's world. The twist off top, non-spill valve, and fold to go anywhere approach creates a 'no excuse' policy for maintaining proper hydration and preventing dehydration.

Designed for Convenience: The Tröff™ non-spill pouch was designed with the dogs in mind. Each pouch holds 17 ounces of water. When empty, roll-up, reuse, and store anywhere.

Eco-Friendly: Around the earth we are making great efforts to clean up our planet. The Tröff™ pouch reduces landfill waste by over 90% compared to water bottles of the same volume. It is reusable until damaged.
