MN 2026 Gun Bill

Senate File 4067 is the most sweeping attack on Minnesota gun owners in our state's history — and it is moving toward a Senate floor vote.

This is not a narrow fix or a targeted reform. SF 4067 takes commonly owned firearms out of the hands of peaceable Minnesotans, criminalizes ordinary conduct that has been legal for decades, and builds a state-run registry of every gun owner who manages to grandfather their property. It does nothing to stop the criminals who already ignore Minnesota's gun laws.

SF 4067 would:

Ban most semi-automatic rifles, pistols, and shotguns based on a single common feature

Ban every magazine that holds more than 17 rounds

Force every existing owner to register their firearms and magazines with the BCA and renew every three years, with felony penalties for failing to comply

Strip the long-standing exception that lets permit holders drive onto school property with a firearm locked in their trunk

Cap personal firearm assembly at three per year and ban home manufacture using common tools

Hand $500,000 in taxpayer money to an anti-gun research group to produce material aimed at restricting our rights further

Reenact the binary trigger ban retroactively to January 1, 2025

These firearms and magazines are owned by hundreds of thousands of Minnesotans for self-defense, hunting, sport shooting, and training. They are clearly protected by the Second Amendment to the U.S. Constitution and Article I, Section 16 of the Minnesota Constitution.
